- ☐ Optimize website sign-up forms
- ☐ Use exit-intent popups strategically
- ☐ Add sign-up opportunities at checkout
- ☐ Run social media campaigns to generate subscribers
- ☐ Host webinars or events with registration
- ☐ Include QR codes on physical materials

4. Segment Your Audience

- [] Demographics (age, location, gender)
- [] Purchase history
- [] Email engagement level
- [] Website behavior
- [] Position in sales funnel
- [] Content/product interests
- [] Subscription longevity

5. Email Types to Include in Your Strategy

Welcome Series

- Welcome email (sent immediately)
- Educational content (sent 2 days later)
- Social proof/testimonials (sent 4 days later)
- Special offer (sent 6 days later)

Promotional Emails

- New product/service announcements
- Special offers and discounts
- Limited-time promotions
- Event invitations

Nurturing Sequences

- Educational content
- Problem-solution content
- Case studies
- Testimonials and success stories

Transactional Emails

- Purchase confirmations
- Shipping notifications
- Account updates
- Password resets

Re-engagement Campaigns

- "We miss you" messages
- Special "win-back" offers
- Request for feedback

- Last-chance notifications

Email Design Best Practices

Layout

- Single column layout for mobile optimization
- Clear visual hierarchy
- Sufficient white space
- 600px max width for compatibility
- Scannable sections

Copy

- Compelling subject lines (30-50 characters)
- Clear, concise messaging
- Conversational tone
- Focus on benefits, not features
- Strong, specific CTAs
- Preview text that complements the subject line

Visuals

- Brand-consistent design
- High-quality, relevant images
- Balanced text-to-image ratio (60:40)
- Alt text for all images
- Use of #6366f1 as your primary brand color in CTAs and key elements

Technical Considerations

- Mobile-responsive design
- Fast loading time
- Accessible design (adequate contrast, readable fonts)
- Plain-text version available
- Tested across multiple email clients

Key Metrics to Track

- Open rate (benchmark: 15-25%)
- Click-through rate (benchmark: 2.5%)
- Conversion rate
- Bounce rate (keep under 2%)

- List growth rate
- Email sharing/forwarding rate
- Unsubscribe rate (keep under 0.5%)
- ROI (revenue generated per email)

A/B Testing Ideas

- Subject lines (length, personalization, questions vs. statements)
- Send times and days
- Sender name (personal vs. company)
- CTA (text, color, placement)
- Email length
- Image selection and placement
- Personalization elements

Email Marketing Calendar Template

Week	Email Type	Audience Segment	Subject Line	Main Content	CTA	Send Date	Send Time
-----	-----	-----	-----	-----	-----	-----	-----
1	Newsletter	All Subscribers	[Subject]	[Content]	[CTA]	[Date]	[Time]
1	Promotional	High-Engagement	[Subject]	[Content]	[CTA]	[Date]	[Time]
2	Educational	New Subscribers	[Subject]	[Content]	[CTA]	[Date]	[Time]
2	Re-engagement	Inactive (60 days)	[Subject]	[Content]	[CTA]	[Date]	[Time]

Color Recommendations with Your Primary Color (#6366f1)

- Use #6366f1 for all primary CTA buttons to maintain brand consistency
- Create a header with #6366f1 as the background for instant brand recognition
- Utilize #6366f1 for highlighting important text or offers within the email
- Incorporate #6366f1 in dividers or section backgrounds to organize content
